Single phase service with existing transformer and two wire spans	\$ 350
Single phase service with new transformer and one wire span	\$ 600
Single phase service with new transformer and two wire spans	\$ 800
Three-phase service with existing transformer	\$ 1,500
Three-phase service with new transformer	\$ 1,750

Application for Temporary Service

Sheet 1 of 2

3. When temporary service is for construction purposes and permanent service will be required for the facility under construction, it is expressly understood that temporary service shall not be connected to or used through the new wiring of the building until the regular wiring inspection of the same has been made and a cut-in inspection card is received by the Board of Public Works from an inspection service acceptable to the Board of Public Works (see Paragraph 2.3).
  - (a) If this provision is violated, temporary service shall be discontinued without notice.
  - (b) The undersigned Applicant hereby releases and agrees to save harmless the Board of Public Works from all liability for damage to any person or property that may result from any such violation.
4. All temporary service poles must be inspected as provided above before the service connection will be made.
5. Temporary Service will terminate one year from the date below. If further service is required, a new application must be signed.
